RESPONSE TO ELECTION OF SPECIES

Mail Stop Amendment
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

This responds to the Election of Species Requirement dated June 13, 2008. The Examiner has identified the application as containing claims directed to more than one distinct species. The Examiner has required the Applicant to elect a single disclosed species for prosecution on the merits to which the claims shall be restricted. The Examiner believes there are no generic claims. Applicant has been advised that a response to this requirement shall include an identification of the species that is elected and a listing of all claims readable thereon.

In response to the Examiner's requirement, Applicant elects for examination **Species IX, Figures 17a-20c**. Applicants believe that **claims 20 and 46-56 are readable**.

Applicants further respectfully submit that **claim 20 is a generic claim** and if the elected species IX is free from prior art, then non-elected species also should be examined on the merits.
